

Each of our spacious one- and two-bedroom apartments offers a full kitchen with appliances, plus a private deck or patio.

Included Amenities

Meals: Our executive chef is a graduate of the California Culinary Academy. He is a proponent of using fresh ingredients cooked on the premises as much as possible. **Two meals per day** are included with rent. Our residents are able to choose which two meals they want everyday and do not need to order in advance. Our dining room features restaurant-style seating with all-day dining and wait staff.

Housekeeping: Weekly housekeeping service is provided. We provide towels and bed linens and change the bed each week as part of the housekeeping. Residents may use their own towels or bed linen but are responsible for their cleaning in the laundry facilities provided.

Activities: Baywood is a lively place with congenial people. Our program services are noteworthy with a variety of activities, exercise programs, and volunteer opportunities available every day. There are over 80 activities and committees to choose from. We have a gym facility with weight and cardio equipment. Baywood has a lovely swimming pool that is heated April-November. We also have a hot tub that is heated year round. Towels are provided pool-side.

Transportation: Baywood Court has three transportation vehicles. Our drivers have been with the community for many years and have a vested interest in the well-being of our residents. Transportation offerings include grocery stores, banks, drug stores, medical appointments, churches, etc. It also includes recreational outings two to three days per week.

Resident Services: At Baywood, each person is an individual with whom we build a caring relationship throughout their time here. Our Resident Services staff is responsible for assisting residents and their families in making a smooth transition to Baywood Court and providing ongoing counsel and support in the challenges of daily living. This includes assistance in planning for transitions between health care settings, and addressing individual needs that result from changes due to the aging process.
